LOEB AT CAMP ROOSEVELT

BROUGHT IMPORTANT PAPERS
TO BE SIGNED.

Glenwood Springs, Colo., April 20.—That President Roosevelt is enjoying royal sport in his hunt for Rocky mountain grizzlies is attested by Secretary Loeb, who returned from the camp late today, after having spent the night with the party. While the only game pulled down thus far is the bear shot by the president and the bob cat shot by Alexander Lambert, there has been plenty of recreation. Every day the dogs have followed trails that looked promising, showing that there are more bears to be found in the vicinity now being hunted. Camp will not be moved until Saturday. Then the party will locate on the west divide creek within twenty miles of the present location, and four miles nearer Newcastle.

Break Camp May 14.
The point toward which the party is working is Redstone, where camp will be broken on May 14. The private car, Rocket, will pick up the party there and he will spend the night at Glenwood Springs. The start home will be made on May 15, with stops of one day each at Denver and Chicago. Secretary Loeb left Glenwood Springs yesterday morning with Elinor Chapman, the courier who brought the first word from the camp. They went to Newcastle, and procured mules, rode the twenty-three miles to Charlie Penny ranch. It was storming when they started and the roads in addition to being naturally rough, were muddy in spots.

Hot on the Trail.
It was about 5 p. m. when they came within sight of the ranch. About three miles from camp they heard the baying of hounds howling on the trail or game. They waited and soon the entire hunting party rode up. It was time to quit for the day and Secretary Loeb and Chapman joined the president and his companions and rode into camp with them. The hunting party had been in the saddle for hours without stopping for lunch, so dinner was served soon after their arrival at camp. Mr. Loeb says it was not necessary to see them eat to know that the hunters were in the best of health and enjoying themselves.

Story of the Bear.
During the dinner, and afterward the president and Mr. Loeb had a long visit. Naturally the secretary wanted to know all about the bear killed. It was an interesting story in which all members of the party shared in the telling. The dogs had several times caught up with the bear and annoyed him until he was in a vicious mood. Finally when he was at bay two or three members of the party, including the president, the secretary and his companions, rode into camp with them. One dog had been killed and several others badly wounded and the grizzly was playing with the bear and the others were tantalizing him. To save the dogs the president had to shoot hurriedly.

Every sweep of the bear's paw bountied over a hound and rather than see any more of the pack killed, the president to the rescue, shot the grizzly between the dogs at the bear. He fired once and hit the animal in the shoulder. Firing again, he killed his trophy. He takes great pride in the first trophy of the hunt.

Appointments Signed.
The most important business between the president and his secretary was in relation to appointments that have been made. The president signed the appointment of George Watkinson of West Virginia, to be judge of the court of claims for the District of Columbia, as well as several pardon cases.

When the camp is moved to the west divide creek, it will be located on the ranch of Will Griggs. The game is more plentiful there. The snow is rapidly going away and the dogs will be able to do better work. When the party is in its new camp Mr. Loeb will pay the president another visit. P. B. Stewart of Colorado Springs expects to leave the camp on Saturday, in which event Mr. Loeb will stay two or three days.

Rested Yesterday.
There was no hunting today. A heavy snow began to fall early and had not stopped when Mr. Loeb left the camp. It was decided to put in the day resting. The snow was dry and it will give the dogs an opportunity to get a fresh start after the game.

The return trip of President Roosevelt as far as Denver will be made over the Denver & Rio Grande railroad. No excursions of a sight-seeing character are to be made in the state, although invitations have been poured in on Secretary Loeb. No new invitations of any kind will be accepted. It is probable that the party will be in Washington again on the morning of May 20.

Easter Weaves.
Just arrived. A special invoice of neckwear suitable for the day. Tasty in patterns, new in shape.

DECLARED INSOLVENT.
St. Paul, April 20.—The Equitable Mutual Fire Insurance company and the Mercantile Mutual Fire Insurance company, both of St. Paul, were declared insolvent by Insurance Commissioner O'Brien today. The district court will be asked for receiverships. Pending a settlement by the courts the policy holders will lose nothing, other companies having agreed to take over the business. The companies are carrying about \$1,000,000 worth of business each.

HEYBURN COMING HOME.
(Special to The Herald.)

Washington, April 20.—Senator Heyburn expects to leave here tomorrow for his home in Idaho.
The postoffice department, at the request of Senator Heyburn, has sent an inspector to Boise to investigate and report on the needs of the city for additional postoffice clerks and carriers.

JOSEPH JEFFERSON SEEMINGLY ON THE HIGH ROAD TO RECOVERY

Joseph Jefferson.

West Palm Beach, Fla., April 20.—There is every indication at midnight that Joseph Jefferson will recover. Charles B. Jefferson, his son, is confident. Dr. R. B. Potter, physician in attendance, is hopeful, and Mabel Bingham, the nurse, thinks that the worst is over.

The reports to the effect that Mr. Jefferson was suffering with pneumonia are incorrect. His illness has been due to over-exertion when on a visit to Hobe Sound, where he had a general weakness, caused by indigestion, from which he suffered last spring. This ailment returned and was in itself very pronounced. Tuesday night, when there was such a decided change for the worse, it came on after days of failure to retain nourishment. But though he told his son Frank, who was at his bedside at that time, that he wanted to pass away quietly, indicating that he appeared fearful of the end, he was the first to say that he would recover, and today he has been talking cheerfully and asking that arrangements be made for his return to his northern home.

Dr. Potter says the hope for recovery came when Mr. Jefferson was able to retain nourishment. This favorable condition was pronounced today when he called for food and retained all of it. At 4 o'clock he asked to be permitted to sit up, and his request was granted. At 5:30 o'clock Dr. Potter said to the representative of the Associated Press that he would not go to the Jefferson home tonight unless called for.

At midnight Mr. Jefferson was resting quietly.

Creessler's Close Call

Hunter's Perfect Self-Possession
Gives Bear Dull Thud
on Rocks.
(Times Journal.)

B. F. Creessler recently had a most marvelous escape from death on the middle fork of Clearwater river. He was hunting and had chosen a sunny spot on which to eat his lunch. He took a cup of coffee and walked to the edge of a cliff a few feet away, where stood a lone fir tree fully 25 feet above the rocks below. Hearing a slight noise he turned and saw a huge black bear standing against a tree just near Mr. Bear, who, after turning toward him, nothing could be done but did it quickly. The bear came along, but with exasperating deliberation. The bear had climbed as high as his front legs, and he was on the limb he clasped and held with perfect self-possession, cut a small limb, split the end and fastened the piece of the notch. The bear was now within a few feet of him. With his only match he lighted the pitch and allowed the scalding drops to fall on the bear's face. One burning drop fell into the bear's eye, and the bear, crazed with the pain, rushed toward him, and with a single bound, lost his hold and fell with a dull thud to the rocks below.

STORE BESIEGED BY
MOB OF EXCITED WOMEN

New York, April 20.—The run which began yesterday on the trade store of Benedict & McFarlane was continued today by hundreds of excited women. While they were clamoring for the redemption of the books of blue stamps they held, creditors of the concern filed a petition in bankruptcy against it. Later in the day Judge United States Judge Holt appointed a receiver. The company was incorporated in 1902 with a capital of \$1,000,000. It established branches in Chicago, St. Louis and other large cities. One of its big contracts was a store in New York terminated a few days ago and news of this precipitated the run.

MINISTER BOWEN IS
CAUSE OF TROUBLE

Washington, April 20.—Rudolph Dolge, American vice consul at Caracas, who arrived here today, says he knows President Castro well and that the latter cherishes friendly feelings toward Americans. When asked for a statement regarding the Venezuelan situation he said he did not chat Mr. Schaub about it now except to say: "The newspapers have exaggerated the situation in Venezuela."

Mr. Dolge expressed the opinion that the French Cable company has broken its contract. Mr. Dolge told the state department officials that Minister Bowen is the cause of the delicate situation at Caracas.

SITUATION IMPROVED.

Rome, April 20.—The railroad strike situation had somewhat improved today and foreigners profited by the partial re-establishment of train service to escape from Rome, fearing a general strike. During the past twenty-four hours the exodus from this city reached 7,000 travelers, preferring to face delays rather than remain here. About 100 passengers who reached Naples today on board the North German Lloyd steamer Koenig Albert, from New York, refused to land because of the railway strike. On the other hand a party of 20 German engineers traveling in instruction, who arrived today at Milan, proceeded to Turin, Genoa and Rome, saying they could not have chosen a more interesting time for a study of Italian railways.

GOVERNOR OF YUKON.

Victoria, B. C., April 20.—Private advice from Ottawa states that W. B. McInnes, member of the British Columbia legislature for Alberni, has been appointed governor of the Yukon territory, with a residence at Dawson, at a salary of \$12,000 per year. He replaces Governor Congdon, who resigned to contest the Yukon seat in federal parliament and was defeated. McInnes leaves for Ottawa in a few days.

REWARD FOR MURDERER.

Bellingham, Wash., April 20.—The Whatcom county commissioners today offered a reward of \$250 for the arrest of the murderer of Frederick L. Dames, the aged butcher killed here on the night of April 11. An effort is being made to have a similar offer made by the city of Bellingham.

MRS. McLEAN IS NEW PRESIDENT

Daughters of the Revolution Elect
New Officers.

TWO BALLOTS NECESSARY

REPORTS OF VARIOUS COMMITTEES
HEARD.

Washington, April 20.—Mrs. Ronald McLean, resident of New York chapter of the Daughters of the Revolution, was elected president general of the national society, D. A. R., receiving 382 votes to Mrs. Sternberg's 322.

On the first ballot Mrs. McLean received 342 votes of a total of 715 cast, leaving her just 12 votes short of an election. Mrs. George Sternberg, District of Columbia, received 201 votes and Mrs. Charles W. Lippitt of Rhode Island, 164 votes. Mrs. Lippitt withdrew from the contest and another ballot was ordered. Early in the second ballot it became evident that Mrs. McLean would receive at least a part of the vote cast on the first ballot for Mrs. Lippitt, and her election therefore was practically assured. The ballot was not completed until 2:45 p. m. Then the congress took an hour's recess for lunch on 2nd unit. 6 o'clock round the business was transacted while the delegates were awaiting the reports of the various committees.

Reports of the work accomplished during the past year in the various states were made by the state regents. A recess was taken at 8:30 p. m. Mrs. Mary Lockwood and Mrs. Julia Hogg were unanimously elected honorary vice presidents general. Mrs. Donald McLean, New York, 342; Mrs. G. O. M. Sternberg, District of Columbia, 201; Mrs. Charles Warren Lippitt, Rhode Island, 164.

The announcement of the vote of Mrs. McLean, which was within twelve of an election, was received with a storm of applause. Of the sixteen candidates for vice president general, more than ten—the minimum to be elected—received a majority of the votes cast. It was decided by the congress that the ten receiving the highest number of votes should be declared elected. Among those elected vice presidents general were Mrs. Mary Woodruff, San Francisco, Cal., 15; Mrs. Frank J. E. Brooks, Colorado Springs, Colo., 47.

Other officers elected as follows: Recording secretary general, Miss Mary Deane, Washington, D. C.; register general, Mrs. Stewart Jamison, Washington, D. C.

GARFIELD IN MISSOURI.

Held Conference With Attorney General Hadley.

Kansas City, Mo., April 20.—James R. Garfield, commissioner of corporations, and Herbert S. Hadley, attorney general of Missouri, held a conference here today at the request of the Missouri official, who is pushing an investigation into the Standard Oil company's methods in this state.

Before going into the conference, Mr. Hadley said: "We have already secured enough evidence to prove that the Standard Oil company has been violating the laws of Missouri in marketing the oil products of the state."

There will be no government investigation of the Standard Oil company in Missouri for the present. After Garfield has finished his work in Kansas, California and Texas, he will take up the question of how the Standard sells oil in Missouri.

"I go from here to Topeka to finish some work there. Then I go to California," said Mr. Garfield. "The agents of the government are at work in Kansas now and will follow me when they have finished their work."

PREFER GERMAN MARKET.

Hungarians Want Treaty With United States Terminated.

Vienna, April 20.—The National Hungarian Economic society of Budapest recently adopted a resolution calling on the minister of commerce to request the Austro-Hungarian foreign minister to terminate the commercial treaty between the United States and Prussia of 1829. Under both these treaties the United States received the most favored treatment. This movement appears to furnish evidence that the Central industrial league is taking steps against American agricultural exports, especially in view of the possibility of the establishment of an independent tariff. The foreign office has not yet been officially informed of the request of the Budapest society.

ACCOUNTING DEMANDED.

Chicago, April 20.—John P. Foss, a retired merchant, 60 years of age, has filed a bill in the circuit court demanding an accounting with the People's Gas Light & Coke company and asking that the affairs of the company be placed in the hands of a receiver pending conclusion of the suit. He has brought against it Foss in search of the original face value of \$75,000. The certificates are of the first stock issue of the company when its capital stock was only \$500,000. The stock of the company is now \$5,000,000 and Foss claims that he is entitled to such a proportion of the present value as his \$75,000 worth of stock bore toward the capital stock of the company at the time of its issue.

IMPOSSIBLE TASK.

Washington, April 20.—Lucius Tuttle, president of the Boston & Maine railroad, was heard by the senate committee on interstate commerce today. He declared that no five men could fix the rates for the railroads of the country.

Mr. Tuttle had not concluded when the committee adjourned until 11 a. m. Saturday. A letter was received from the interstate commerce commission resigning, here on Chairman Elkins asking whether the Elkins amendment would prevent differential rates under the provisions of the constitution, which declares that no preference shall be given to any port of the United States over another. The committee says the assumption is absurd.

MINUTE INSTRUCTIONS.

Washington, April 20.—Commissioner Richards of the general land office has issued a circular letter to all entries under the homestead law giving them minute instructions as to how to proceed under the law to perfect their claims. This never before has been done, and the ignorance of the homesteaders and of their attorneys has caused much confusion.

USED MAILS TO DEFRAUD.

New York, April 20.—Postoffice inspectors today arrested Patrick J. Kearns at Cedar Island, N. Y., where he was found with using the mails to defraud. The inspectors say Kearns was treasurer of the Storck Cotton company of Philadelphia, which recently collapsed.

BEEF TRUST INQUIRY

Subpoena for Armour's Head Sheep
Buyer, Who Was About
to Leave Chicago.

Chicago, April 20.—The special grand jury investigating the "beef trust" today issued a subpoena for C. J. Davis, head buyer in the sheep department of Armour & Co. Davis, it is said, had almost completed plans to leave Chicago, having gone so far as to sell his home in this city. Davis has been in the employ of Armour & Co. for a number of years and is said to be in possession of valuable facts concerning sheep and sheep casings.

The grand jury today took up the investigation of the Aetna Trading company. A large number of witnesses were on hand. One of those who testified today is said to have been F. A. Fowler, manager of the beef department for Swift & Co.

District Attorney Morrison stated today that it is probable the investigation will be concluded by May 1. He said that although the question of the part played in the beef business by the railroad companies may be taken up, it would not be under the interstate commerce act, but under the provisions of the case is handled by the interstate commerce commission, which is to meet in Chicago on May 10. He also said that no part of the grand jury report on the beef industry was to be used in the grand jury investigation.

NORTHERN PACIFIC
WINS A LAND CASE

Butte, Mont., April 20.—A Missoula, Mont., district court decision handed down here in the contest case of James D. Watts against the Northern Pacific. Prior to the filing of the official plat or survey of the tract the Northern Pacific filed selections, including the above land, under the act of March 3, 1879, not filed until May 9, 1904, and on the same day James D. Watts made homestead application for the land, claiming settlement since 1880.

The department at Washington ordered a hearing, which was held before United States Commissioner Francis J. Morris at Hamilton, Nov. 25, 1904, and the register and receiver made their findings from the record. After reviewing the evidence they have come to the conclusion that the contestant, Watts, had not built a residence on the land. The suit is for \$100,000 damages, and the claim is cancelled and that the list filed by the railroad company be allowed to stand as filed.

WILL CONNECT TWO ROADS

Extension Ordered to Join Great
Northern and Burlington
in Nebraska.

Sioux City, Ia., April 20.—The contract for the extension of the Great Northern from Sioux City to Ashland, Neb., has been let to Peter Sims, a St. Paul contractor, according to advices received here today. It is said that a big force of men will be put to work within ten days.

The extension of the Great Northern from Sioux City to Ashland will unite the Great Northern and the Burlington. The Great Northern has already spent several hundred thousand dollars in purchasing terminals in Sioux City, and made plans for the expenditure of \$1,500,000 more here.

A special construction train passed through Sioux City today on the Chicago & St. Paul on its way to Armour, S. D., to begin work on the proposed extension from Armour to Chamberlain. In some quarters it is believed that this move means that the Milwaukee will build to the coast.

CHICAGO TOURISTS
VISIT HELENA, MONT.

Helena, Mont., April 20.—The delegation from the Chicago Commercial association making a tour of the north-west arrived from Butte this afternoon and received a genuine Rocky mountain welcome to Montana's capital. A committee met them at the union depot with automobiles and conveyed the visitors to the Helena hotel, where luncheon was served. During the afternoon they inspected the state house, meeting Governor Toole and other state officials. Mr. Harrison and other points of interest were also visited. They will be given a reception at the Lamb's club tonight, leaving tomorrow for the west.

ORDERS FOR CARTRIDGES.

St. Petersburg, April 21.—The government is placing orders abroad for 600,000 cartridges, and is also inquiring for ironclads of from 15,000 to 20,000 tons. It is persistently reported that Russia has bought several light American warships through Paris intermediaries.

REVENUE INSPECTION.

Washington, April 20.—Commissioner Yerkes in the internal revenue bureau of the treasury department, left today for California to look into the revenue affairs of the Pacific coast, and especially the wine and brandy interests of California.

DENIES THE CHARGES.

St. Petersburg, April 20.—S. S. Alexandrovsky, head of the Red Cross in the field, arrived here today. He indignantly denied the charges of misappropriation of Red Cross funds, and announces that he is preparing a complete account for the public.

CHICAGO STRIKE.

Grand Jury About to Begin an Investigation.

Chicago, April 20.—The teamsters' joint council tonight appointed a committee which is to visit the department stores tomorrow and demand that the non-union drivers who have been making deliveries to Montgomery, Ward & Co. be discharged. If the demand is refused the committee has the power to call a strike of the drivers in three of the large department stores.

It is probable the grand jury will tomorrow commence an investigation into the causes and progress of the present strike in the establishment of Montgomery, Ward & Co. The members of the jury yesterday passed a resolution setting forth that they would like to know something about the strike, and today a delegation of prominent men called at the office of State Attorney Healy and held an extended conference with him.

The state's attorney promised to take the matter before the grand jury in the morning. Judge Bretano of the superior court today granted an injunction against the four locals of the International Brotherhood of Teamsters and the United Garment Workers' union to restrain them from interference with the business of Montgomery, Ward & Co.

MOYER'S SUIT FOR \$100,000

Colorado Attorney General Moves for Dismissal.

Denver, Colo., April 20.—Attorney General Miller today filed a motion in the United States court asking that the suit of Charles Moyer, president of the Western Federation of Miners, against former Governor Peabody, former Adjutant General Bell and former Captain Wells (now adjutant general), be dismissed. The suit is for \$100,000 damages for Moyer's retention in the bull pen at Telluride during the strike. The motion asks for a continuance of the case until the federal question is involved and, therefore, the court has no jurisdiction.

SENATOR PLATT'S
CONDITION GRAVE

Washington, Conn., April 20.—Senator O. H. Platt, who is suffering from an attack of pneumonia, had another chill today which has counteracted the favorable turn in his condition. The senator's condition is now as grave as at any time since he took to his bed. Dr. Ford said tonight that Senator Platt was sleeping and was more comfortable than he was today. "I can't say that he is any better," he said, "but I think he is more comfortable."

KUROPATKIN WANTED
HIS SALARY CONTINUED

St. Petersburg, April 20.—The Bourse Gazette says that General Kuropatkin's request for a continuation of his salary as commander-in-chief, \$72,000 per annum, has been refused at the war office. He now receives \$54,000—the same salary he was paid in 1904. Stated as viceroy of the far east, whose four chancelleries will continue in operation until the final fate of the Kwantung peninsula is determined.

STRIKE SETTLED.

Leadville, Colo., April 20.—The strike in the Arkansas Valley smelter, a property of the American Smelting & Refining company, was settled today. Four furnaces were blown in and 250 men returned to work. The two other furnaces will be started again as soon as they are ready.
